## PRODUCT OPTIONS

### Add Value and Increase Operational Efficiency.

#### FaciliWorks Procedures

Included in Procedures are TaskPro, a comprehensive database of step-by-step maintenance procedures and SafetyPro, a comprehensive database of step-by-step OSHA safety checklists designed for use with FaciliWorks.

#### FaciliWorks 8i Calibration

Incorporate leading calibration management to integrate ISO 9000 quality data management with comprehensive asset management.

#### FaciliWorks Validation Kit

The Validation Kit establishes and documents FDA 21 CFR Part 11 validation of your FaciliWorks software. The kit includes an instructional guide and a sample validation database.

#### FaciliWorks Mobile

Perform work orders and inventory in the field with a Windows Mobile OS handheld computer, then transfer the data to FaciliWorks.

#### FaciliWorks Maintenance Label Kit

This compact, convenient printer produces laminated labels and communicates directly with FaciliWorks.

#### Customized Individual and Group Training

Three convenient and effective training options are available to fit your needs: two-hour personal web training, two-day regional training and on-site training. Our talented instructors will guide you through the planning, preparation, setup and successful operation of FaciliWorks Enterprise Asset Management Software. You'll learn how to save time, avoid common mistakes and get the most out of your software.
